

Timeline: Filing a Mesothelioma Claim in WV & PA

Step 1: Free Consultation

We begin by listening. You'll speak directly with attorney Lee W. Davis to review your diagnosis, possible exposure sources, and initial case details.

Step 2: Investigation

We gather work history, medical records, and evidence of asbestos exposure. This includes identifying job sites like U.S. Steel, Weirton Steel, and local power plants.

Step 3: Filing the Claim

We file your lawsuit or asbestos trust claim. This can also include VA benefit applications for veterans.

Step 4: Settlement or Trial

Most mesothelioma cases settle without a trial. If needed, Lee Davis personally represents you in court.

Step 5: Compensation

If successful, you receive compensation for medical costs, pain and suffering, and financial losses.
